**The Piano Girl - Part Two (Counterfeit Princess Series) (Kindle Edition)**

What a wonderful story! I have always enjoyed fairy tales, and Sherri Schoenborn Murray does a fantastic job weaving Alia's story together. I loved Part 1 of "The Piano Girl," and the second part concludes the story beautifully. In Part 2 of "The Piano Girl," the relationship between Prince Wron and Alia is developed, and we are given further insight into Alia's blossoming into a woman who cares about others and sees her responsibility as a leader and future queen. I am a not-so-young adult and I loved this story, but I am also excited for my daughters to read "The Piano Girl" - there are some valuable lessons for young women interwoven in this tale. Oh, and as a bonus, there are two delicious-looking recipes at the end of the book! :)
